MEMORANDUM

SUBJECT: Review of Risk Assessment for Weldon Spring
Quarry Site, St. Charles, Missouri

FROM: Daniel R. Wall *DRW*
Remedial Project Manager
WSTM/SPFD/REMD

TO: File

THRU: *Law* Gale A. Wright
Chief, Remedial Section
WSTM/SPFD/REMD

Robert L. Morby *RLM*
Chief, Superfund Branch
WSTM/SPFD

The Risk Assessment for this site was prepared as a part of the Remedial Investigation/Feasibility Study (RI/FS) Report for the Weldon Spring Quarry bulk waste operable unit prepared by the U.S. Department of Energy. This Risk Assessment is in accordance with the National Contingency Plan and EPA policy and guidance and is acceptable to Region VII.
